

Never could've been less certain but more lucid about it,
yet still, one might wonder knowing the full still on it.
who, we.
Waajacu: an attempt to describe common knowledge together.
to accumulate tradition way of shared manner in knowing.
to know still a way to drive feeling, host it precisely put on the non conflict regime as-
giment of discrete infinite symbols. —and grow behind it, it's hope is to align
thought; meaning, to know a basic source for abstract human descriptive thought
that is not explicit, to order the description of all defined human procedures; and
guide explicit practice of the tools behind the building of knowledge, acquired and
shared communism —otherwise there is conflict.
poetry is the Hope to never divided reasons;
for still, as laws is play in shared symbols.
on the common built mechanics for symbols lies all practices, so again by the no in-
troduction conflict conduct of Waajacu we must share non a determined way of
meaning or rendering visual abstract: The mechanics to the symbols not the
symbols.
